PRACTICE MODES

LEARN

See a new letter. Hear it. Key it.

SEND

See the letter. Send the code.

READ

See code. Pick the matching letter.

LISTEN

Hear code. Pick the letter.

ECHO

Hear it, then copy the rhythm.

WORDS

Use letters you know to send real words.

OPERATOR RULES

Every good radio operator misses signals sometimes. The trick is to slow down, try again, and keep your rhythm steady.

Do not rush. Clean signals beat fast guesses.

Use Clear when you want a fresh try.

Daily complete? Try Words or Signal Sprint for extra practice.

Practice time matters. Your brain gets stronger with repeats.

YOUR MISSION: FIVE GOOD MINUTES TODAY.

Small practice, repeated often, turns dots and dashes into a language you can hear.
